THERMAL & ACOUSTIC INSULATION

MANUFACTURING | DISTRIBUTION | STOCKIST
(Committed to Consistent Quality and Service)

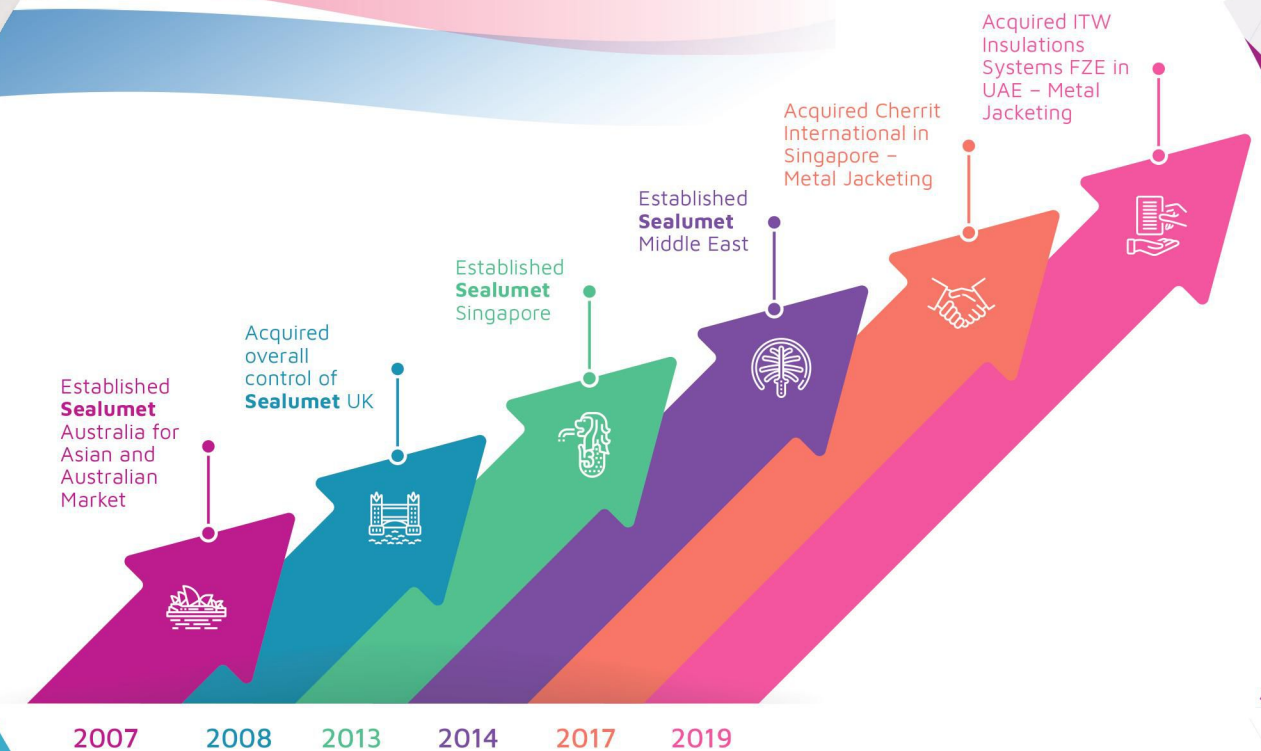

Metal Jacketing | Insulation Products | Insulation Ancillaries

OVERVIEW

From Humble Beginnings to Pioneering Leadership

Pioneering leadership, remarkable vision, strong customer focus, and a relentless commitment to quality and innovation have made **Sealumet** the largest manufacturers of Metal Jacketing (Cladding) within Asia and Australia and a formidable force in the international arena. **Sealumet** is truly a one stop shop for all insulation items under one roof. Warehouse capacities of around 60,000 sq. ft at 3 different strategic locations provides **Sealumet** the ability to stock various materials at all times for quicker turnaround even for those last minute requirements.

We offer cost effective and quality solutions for the below sectors

Power Generation

Petrochem

LNG

Refinery

HVAC

Sealumet was registered as a UK company in 1975 to cater to HVAC, Mining, Commercial and Industrial Projects. **Sealumet** Australia was then established in 2007 by a new Directorate having extensive experience & knowledge in the field of Industrial Services. From then on, the journey has been onwards and upward. In house integration has enabled **Sealumet** to become one of the formidable names in Thermal Insulation Industry. Through strict quality goals and inherent quality control during our manufacturing process we make sure that we offer higher product reliability at effective prices. It was this dedication and timely commitment that led us to have the confidence a of global network of customers.

Sealumet Group (Australia, Europe, Singapore & Middle East) and its associated manufacturing unit Cherrit International, Singapore, has been Manufacturing and Supplying Thermal and Acoustic Insulation materials for more than three decades to major Insulation Contractors for various Power/Petrochemicals/LNG projects within Australia, South East Asia, the UK, Russia and the Middle East.

BUSINESS FOCUS

Powerful, Energy Efficient Solutions

- Our objective is to provide competitive material supply solutions from Bidding to execution stage.
- To provide simple comprehensive competitive and qualitative packages including logistical solutions and warehousing depending on customer needs.
- Sealumet Group** is a one-stop shop for Thermal and Acoustic Insulation materials for both Projects and Maintenance requirements.

....and the journey of our work continues....

GLOBAL PRESENCE

Sealumet and its affiliate manufacturing plants have supplied to various project locations across the globe by delivering a time bound solution to the esteemed clientele.

CLIENTELE & INDUSTRY ASSOCIATIONS

UAE

- TAKREER
- CBDC

Kuwait

- Clean Fuels
- LFHOD
- Al Zour Refinery

Oman

- Sohar Refinery
- Various PDO Projects
- Salalah LPG
- Liwa Plastics

Malaysia

- Petronas

Thailand

- Thai Chemical Plant
- PTT Global

Singapore

- Chevron Oronite
- JGP - Exxon Mobil
- Jurong Aromatics
- Samsung Engineering

KSA

- Jizan Refinery
- Jubail Export Refinery
- Rabigh Petrochem
- Saudi Electricity Company Projects
- Sadara Chemical Company
- Ministry of Education Projects
- Ministry of Housing Projects
- Metro - Rapid Transit Projects
- Ministry of Health Projects

India

- IOCL
- BPCL
- Reliance
- HPCL

Indonesia

- Nippon
- Oleochemicals Tank Farm
- Pertamina

Australia

- Pluto LNG
- North West Shelf
- Wheatstone LNG
- QC LNG
- AP LNG
- Gorgon LNG

OUR PARTNERS IN SUCCESS

BROAD PRODUCT RANGE

Solutions delivered on time

Based on the product, the offering from **Sealumet Group** can be classified in the following categories

Insulation Materials

Metal Jacketing

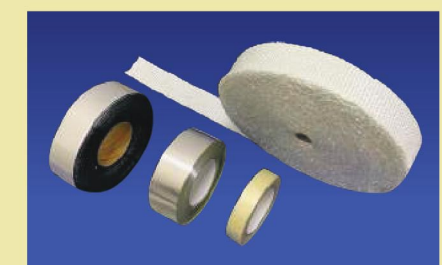

- Stainless / Aluminum / Aluminized Steel / Aluzinc
- Can be supplied in various forms such as Coils, Rolls and Sheets
- Surface finish can be Smooth, Stucco, X Crimped, Deep Corrugated, Ribbed etc.,
- External Coatings – PVDF, PVF, PE, Epoxy, Acrylic, Clear Coat (various colours available on request)
- Internally Laminated – With Methacrylic acid Co-Polymer (Polysurlyn) / Polykraft

Thermal and Acoustic Insulation

- Stone Wool– Pipe sections, blankets and slabs
- PIR – Blocks, Pipe Sections and Curved Segments
- Cellular Glass – Blocks, Pipe Sections and Curved Segments
- Glass wool – Blankets and Pipe sections
- Perlite – Pipe Sections, Powder, Slabs
- Hydrophobic Blankets – Pyrogel, Cryogel and Supermat
- Calcium Silicate – Pipe Sections and Slabs
- Elastomeric Foam

Ancillaries

- Banding and Seals
- GI and SS lacing/Tie wire
- Mesh and Perforated Sheets
- Butyl Wraps/Tapes
- Screws & Rivets
- Toggles & Hooks
- Expansion (Breather) & Compression (Mity) Springs
- GRP Systems
- Acoustic Sheeting
- Ceramic Products
- Glass Cloth
- Mastics, Adhesives, Sealants & Coatings
- Tapes, Foils & PIB
- NDT Inspection Plugs
